STORY

GOD PROMISES A SAVIOUR GENESIS 12:1-7 & 15:1-6

So very secret agent Sam brought us another code to crack today. We are going to have to wait for code breaker Kesia to solve that this evening! But he also brought us another mission to count all the people in the world. C was so sure that her machine could at least do that! But could it? Sadly not. It seemed to just make plate after plate after plate after plate... Spymaster David was disappointed that C's machine hadn't lived up to its promise but that reminded David of how God always keeps his promises. Do you find it easy or hard to keep your promises? Do you make many promises or do you save them for really special occasions? God made an amazing promise to Abraham that he kept throughout history, that Abraham's descendants would be as numerous as the stars in the sky and do you know what this was an even more amazing promise because Abraham was VERY OLD and had no children!!! But God kept his promise, Abraham had a son when he was 100 years old - imagine that!! There was no denying that was a miracle and that his son Isaac became the father of the Israelites - many, many, many, many, many Israelites. This week we are learning about God's miraculous mission to save the world just like our super spy team is trying to do at Miraculous Mission headquarters. We have so far just heard the beginning of the story: God creating the world and keeping his promises to the people he created. It's exciting to see how the story unfolds and what will happen next both to our spies and in God's plan!

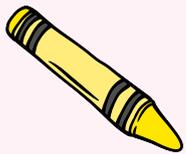

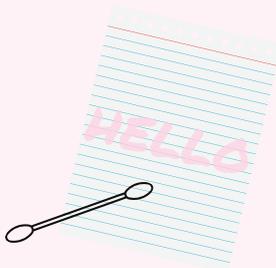

ACTIVITIES

HOW TO MAKE YOUR OWN INVISIBLE INK!

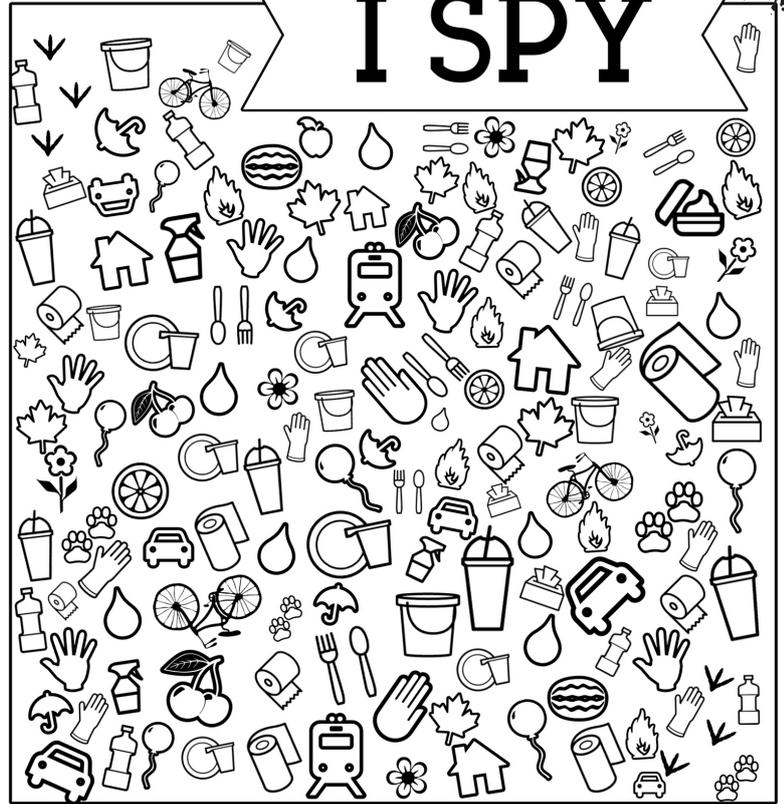

Squeeze lemon into a small bowl. This is all you need to create invisible ink!

Dip a cotton bud into the mixture and write your message on paper. When it dries it will be invisible.

Lightly scribble over message with wax crayon. There will be a difference in the way the wax looks to reveal your secret message!
